

IMPORTANT INFORMATION: PLEASE READ

Dear Patients:

First, please know that the health and safety of all our patients and team is our top priority. While we have always followed strict infection control protocol in our operatories and common areas, we have implemented additional measures that we are asking all our patients to observe:

- Please call our office to reschedule if you have any flu-like symptoms, traveled by air or cruise in the last 2 weeks, have been in close contact with someone diagnosed with COVID-19 and/or are medically compromised (high-risk to contract virus).
- Before your appointment, you have the option to stay in your car instead of the waiting room until we're ready to seat you in your personal operatory. Simply call or text us at 208-787-2323 when you arrive, and we will let you know when we're ready for you.
- Please do not bring siblings, friends, or relatives who do not have a scheduled appointment. Only scheduled patients (and one parent if the patient is under 18) will be allowed in the treatment and common areas.
- Upon arrival for your appointment, we are asking all patients to sanitize their hands, fill out a wellness form and allow us to take your temperature.
- When making a payment, we ask that you do not use cash if possible. We can accept debit/credit cards at the office, over the phone, or can text you a secure link to pay with a card online.

Thank you!
